FOR ATTORNEY GENERAL.

H. F. Bartine is announced as a candidate for Attorney General on the Republican ticket.

Mr. Bartine is known in every county in Nevada where his ringing speeches have been heard in more than one campaign logically advocating the principles of the Republican party. Mr. Bartine if placed on the ticket would bring some very strong elements to his support. elements which the party can not well afford to ignore. He has a splendid record as a soldier, attorney and citizen and his soundness on law propositions is known wherever he has practiced.

NEVADA'S BLACK EYE.

It is said that the fun poked at Vassar College (a most excellent young ladies' school, by the way) about the gum chewing and sliding down bannisters, etc., has almost ruined the school. So with the State of Nevada. The Eastern press is constantly alluding to it as "the rotten borough," and telling how its officers buy their positions, how the people are all corrupt, how everybody gets out as soon as they make a few dollars, how a ward in New York City has more people than the whole State, how it is a fraud on the rest of the Union to have Nevada as numerously represented in the United States Senate as New York and Pennsylvania are, etc. All this is not hable to help a State and should be refuted by the Nevada press. Our people are no more corrupt than any other people: Eastern States show that bribery and fraud enter much mere into polities. The election of Payne from Ohio is an illustration in point. Because a few irresponsible voters sell out, and because the howl about the "sack" is heard so often it does not follow that our people are all corrupt. Such an as sertion is a base libel.

Again, our State is called a barren waste, and good for nothing-Another falsehood. Our acres are far better than New Hamp-hire or Vermont. Our soil is capable of producing heavy crops, such as would lift the Yankee to the seventh heaven of delight. But Con gress has helped New England. Every appropriation bill is loaded down with schemes to help the older and wealthier States. Public buildings are put up all over, artesian wells are bored, river channels altered and improved and all sorts of schemes tried to help them. But let Nevada ask for an appropriation and what a howi goes up! Millions of acres can be reclaimed by the introduction of artesian wells and our population and prosperity increased. But no; Nevada must have no aid. The sickly child must have no healthy food. It must all go to the big folks. Give Nevada an equal chance. Let her great mineral, climatic, agricultural and healthful advantages have a fair show and the sneer of irresponsible, ignorant Eastern writers will soon disappear. This giving our State a bad name is doing us much harm. It should be fought against on every term and the resources of the State carefully and persistently written up. - Reveille.

Beecher Rejected.

WASHINGTON, July 31.-The Senate in executive session yester day rejected the nomination of Henry Ward Beecher's son to be Collector of Customs at Port Townsend, W. T. Beecher was charged with some careless money transactions, which he endeavored to explain by putting the blame on another man, He has been here all Spring trying to be confirmed, and through his father's influence had the support of several Eastern Republican Senators, who tried to overcome the unfavorable report of the Committee which heard young Beecher in his own defense. It is said that several of the adverse votes came from Democratic Sena-

-Carson is to have a Democratic eampaign sheet. Poor Mr. Fair! How he will pray against the leeches, and how they will clothe themselves with curses if the Mint don't open and he saves his sack for his little railroad in California. -Walker Lake Bulletin.
